## **INDEPENDENT AUDITORS' REPORT**

To the Members of the VGH & UBC Hospital Foundation

### **Report on the Financial Statements**

We have audited the accompanying financial statements of VGH & UBC Hospital Foundation, which comprise the statement of financial position as at March 31, 2014 and the statements of operations and changes in fund balances and cash flows for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information.

#### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

#### *Auditors' Responsibility*

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the Entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

*Opinion*

In our opinion, the financial statements present fairly, in all material respects, the financial position of VGH & UBC Hospital Foundation as at March 31, 2014 and its results of operations and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

**Report on other Legal and Regulatory Requirements**

As required by the Society Act (British Columbia), we report that, in our opinion, the accounting policies applied in preparing and presenting the financial statements in accordance with Canadian accounting standards for not-for-profit organizations have been applied on a basis with that of the preceding year.

Notes to Financial Statements

Year ended March 31, 2014

---

## 1. Organization:

The VGH & UBC Hospital Foundation (the "Foundation") was incorporated in 1980 under the Society Act (British Columbia). Its principal purpose is to raise funds for furthering the interests and objectives of Vancouver Acute (Vancouver General Hospital, UBC Hospital, GF Strong Rehab Centre, Vancouver Coastal Health Research Institute and related Health Care operations), (the "Hospital"), a component of Vancouver Coastal Health Authority ("VCHA"), in its mission of patient care, teaching and research.

## 2. Significant accounting policies:

The financial statements have been prepared by management in accordance with Canadian Accounting Standards for Not-For-Profit Standards in Part III of the CICA Handbook and include the following significant accounting policies:

### (a) Revenue recognition and fund accounting:

The Foundation follows the restricted fund method of accounting for contributions, thereby recognizing restrictions specified by donors on the use of resources, including contributions and restricted investment income. The fund classifications are:

#### (i) General Fund:

Donations not specifically designated by donors, unrestricted investment income, unrestricted investment income on specific purpose funds, unrestricted current fundraising event proceeds, administrative fees charged to restricted gifts and events, and amounts held by the Vancouver Foundation but available for withdrawal (note 2(a)(ii)), are allocated to the General Fund. Administrative costs pertaining to the Foundation are primarily funded through the General Fund, with the remainder financed through investment income of certain Specific Purpose Funds.

#### (ii) Vancouver Foundation - Endowment Fund:

Under an agreement with the Vancouver Foundation, an Endowment Fund, managed by the Vancouver Foundation, was established in 1981. The original \$475,100 capital of the Vancouver Foundation Endowment Fund consists of \$270,000 contributed by the Foundation, \$200,000 contributed by the Vancouver Foundation and \$5,100 received from other contributors. Subsequent to the initial capital, \$12,050 has been received from other contributors.

The Vancouver Foundation Endowment Fund is invested in the Vancouver Foundation's pooled investment balanced fund. At March 31, 2014, the fund has a fair value of \$800,555 (2013 - \$715,376), of which \$432,049 (2013 - \$388,998) is available for withdrawal by the Foundation.

## 2. Significant accounting policies (continued):

### (a) Revenue recognition and fund accounting (continued):

#### (ii) Vancouver Foundation - Endowment Fund (continued):

Any income distributed from the fund is recognized as investment income in the General Fund.

The rights of withdrawal from this Fund, in any particular year, are restricted to 20% of the units representing the portion of the Fund's balance accumulated through the Foundation's contributions, provided such contributions have been a part of the Fund for at least 10 years. The amount contributed by the Vancouver Foundation is not available to be withdrawn by the Foundation. Currently, all amounts in this endowment fund contributed by the Foundation have been held for the minimum ten-year period and are thus eligible for withdrawal at 20% per year. However, of the initial capital contribution made by the Foundation, \$10,000 is excluded from the amount subject to withdrawal as it is to be retained permanently by the Vancouver Foundation. No withdrawals have been made as of March 31, 2014.

#### (iii) Restricted Funds:

Restricted Funds relate to research, patient care, education, equipment and facility initiatives. Specific Purpose Funds represent funds specifically designated by donors, current fundraising event proceeds, as well as restricted investment income earned on Endowment Funds.

Contributions of irrevocable charitable remainder trusts are recognized as revenue in Specific Purpose Funds - Other in the year of the contribution at their fair value as determined by an actuary. In subsequent years, they are recorded at amortized cost which approximates fair value.

Administration fees charged to restricted gifts and events are recorded in other income in the general fund at the time the related gifts are received or at the time the event has been completed.

Endowment Funds represent funds that are permanently restricted either by the donor or internally by the Foundation; encroachment of capital can only occur in accordance with the endowment agreement or Board policy, as applicable.

Contributions for endowment are recognized as revenue in the endowment funds.

### (b) Accrual basis:

The accrual basis of accounting is used for reporting revenue, except for donations, which are generally recorded on a cash basis. Donations are accrued only when a realizable value can be reasonably estimated and collection is reasonably assured.

Notes to Financial Statements (continued)

Year ended March 31, 2014

## 2. Significant accounting policies (continued):

(c) Deferred revenue:

Deferred revenue represents sponsorship monies received in advance of related events.

(d) Financial instruments:

Financial instruments are recorded at fair value on initial recognition. Freestanding derivative instruments that are not in a qualifying hedging relationship and equity instruments that are quoted in an active market are subsequently measured at fair value. All other financial instruments are subsequently recorded at cost or amortized cost, unless management has elected to carry the instruments at fair value. The Foundation has elected to carry all its investments at fair value with changes in fair values recognized in the statement of operations.

Transaction costs incurred on the acquisition of financial instruments measured subsequently at fair value are expensed as incurred. All other financial instruments are adjusted by transaction and financing costs incurred on acquisition, which are amortized using the straight-line method.

Financial assets recorded at cost or amortized cost are assessed for impairment on an annual basis at the end of the fiscal year if there are indicators of impairment. If there is an indicator of impairment, the Foundation determines if there is a significant adverse change in the expected amount or timing of future cash flows from the financial asset. If there is a significant adverse change in the expected cash flows, the carrying value of the financial asset is reduced to the highest of the present value of the expected cash flows, the amount that could be realized from selling the financial asset or the amount the Foundation expects to realize by exercising its right to any collateral. If events and circumstances reverse in a future period, an impairment loss will be reversed to the extent of the improvement, not exceeding the initial carrying value.

(e) Cash and cash equivalents:

Cash and cash equivalents and restricted cash and cash equivalents consist of cash and highly liquid investments with major financial institutions that are readily convertible to contracted amounts of cash and with maturities at the date of acquisition of less than three months. Restricted cash and cash equivalents are comprised of funds earned under lottery licenses issued by the BC Gaming Commission to be used for specific purposes.

(f) Long-term accounts receivable and other:

Long-term accounts receivable and other consists of the long-term portion of donated bonds with maturity beyond the subsequent fiscal year. Long-term accounts receivable and other are recorded at amortized cost, which approximate fair value.

## 2. Significant accounting policies (continued):

### (g) Capital assets:

Capital assets, consisting of equipment and office renovations, are recorded at cost less accumulated amortization. Amortization is provided using the straight-line method over the estimated useful life, with amortization taken in the year the assets are put into use, as follows:

Asset	Years
Equipment	5
Furniture and fixtures	5
Computer equipment	4

### (h) Donated assets:

Donated assets consist of donated artwork and other non-depreciable property. Donated assets are recorded at the appraised value at the date of receipt and are not depreciated. Donated artwork is used for display throughout the hospital to enhance the environment for the benefit of patients, their families, staff and visitors.

### (i) Contributed services:

A substantial number of volunteers contribute a significant amount of their time each year. Because of the difficulty of determining their fair value, contributed services are not recognized in the financial statements.

### (j) Income taxes:

The Foundation is a charitable organization registered under the Income Tax Act and, as such, is exempt from income and capital taxes and is able to issue donation receipts for income tax purposes.

### (k) Use of estimates:

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent asset and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from these estimates.

# VGH & UBC HOSPITAL FOUNDATION

Notes to Financial Statements (continued)

Year ended March 31, 2014

### 3. Interfund transfers:

To meet the objectives of financial reporting and stewardship over the general, endowment and specific purpose funds, transfers between the funds are made when it is considered appropriate and approved by either the donor or the Board. These interfund transfers are recorded in the statement of operations and changes in fund balances.

### 4. Investments:

Investments are comprised of the following:

	2014	2013
Canadian money market funds	\$ 10,956,511	\$ 21,892,070
Canadian bond funds	69,937,632	63,291,664

## 9. VGH Parkade Trust:

VGH Parkade Trust (the "Trust") was created by agreement between the Vancouver General Hospital (the "Hospital") and the Foundation. The Trust holds the beneficial interest in VGH's parking lot facility and owns 100% of the shares of VGH Gift Shop Ltd. (the "Gift Shop"). The bare trustee of the Trust is 578583 B.C. Ltd., a corporation in which the Foundation has a controlling interest. The Trust distributes the net revenue from VGH's parking lot facility to the general fund and net revenue from the Gift Shop to the Specific Purpose Funds - Other. The assets, liabilities, revenue and expenses of the Trust are not included in these financial statements. As at March 31, 2014, \$551,553 receivable from the Trust (2013 - \$509,517) is included in accounts receivable (note 5).

The Trust's financial position as at March 31, 2014 and results of operations for the year ended March 31, 2014 are as follows:

During the year, the directors and officers of the organization made donations totaling \$794,944 to the Foundation.

## 13. Financial risks:

### (a) Liquidity risk:

Liquidity risk is the risk that the Foundation will be unable to fulfill its obligations on a timely basis or at a reasonable cost. The Foundation manages its liquidity risk by monitoring its operating requirements. The Foundation prepares budget and cash forecasts to ensure it has sufficient funds to fulfill its obligations. There has been no change to the risk exposures from 2013.

### (b) Credit risk:

Credit risk refers to the risk that a counterparty may default on its contractual obligations resulting in a financial loss. The Foundation is exposed to credit risk with respect to accounts receivable. The Foundation assesses, on a continuous basis, accounts receivable and provides for any amounts that are not collectible in the allowance of doubtful accounts.

## 13. Financial risks (continued):

### (c) Market and interest rate risk:

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. The Foundation has investments in common stocks which are subject to risks from changes in market conditions.

The Foundation is exposed to interest rate risk on its fixed interest rate investments. Fixed-interest instruments subject the Foundation to a fair value risk. The Foundation is exposed to this risk as a result of investments in money market and bond funds.

The risks associated with investments are managed through the Foundation's established investment policy.

### (d) Other risks:

The Foundation believes that it is not exposed to currency or cash flow risk arising from its financial instruments.
