

"My nurses wanted to provide the best care for me and I wanted to give them what they need to do it."

Thomas Anderson

After surgery to remove a brain tumour, Thomas Anderson woke up filled with gratitude.

He cherished the nursing staff's hard work during his recovery and wanted to give back.

Thomas passed away years later but ensured his legacy by naming VGH & UBC Hospital Foundation as the beneficiary of his TFSA.

Join donors like Thomas and donate your TFSA, RRSP, RRIF or other registered fund to power healthier communities for generations. Simply complete a beneficiary designation form and return to your financial institution.

Your legacy gift will:

Fuel healthier lives without spending current assets

Receive a charitable tax receipt for your estate

Avoid paying probate fees on the registered funds and deliver world-class care

Name VGH & UBC Hospital Foundation as the beneficiary of your tax-free savings account (TFSA), registered retirement savings plan (RRSP) or registered retirement income fund (RRIF). Maintain full use of your account, and after your passing, the Foundation receives the remaining funds.

Generational health starts with VGH+ You.
